About Me:

Computer Engineering graduate with over 2 years of combined professional and freelance experience in iOS development (Swift) and Frontend (React, TailwindCSS, Astro). Passionate about building scalable, user-friendly applications and eager to grow in an international environment. Strong background in software engineering, algorithms, and problem-solving.

Experience

iOS Developer – CaixaBank
01/2021 - 04/2022
- Developed and maintained key modules of the **CaixaBank iOS app** using Swift and SwiftUI.
- Implemented authentication features, API integrations, and optimized app performance (reduced loading times by **15%**).
- Improved accessibility and ensured compatibility across multiple iOS versions and devices.
- Worked in an Agile environment with cross-functional teams.

iOS Developer – ImaginBank
08/2021 - 01/2022
- Built and maintained new features for the **ImaginBank iOS app** with a focus on UI/UX.
- Improved app responsiveness and collaborated with designers to deliver a seamless user experience.
- Participated in code reviews and contributed to quality assurance.

Freelance Developer & Tutor
2020 – Present
- Designed and developed custom solutions for students and small projects:
  - **MCQ Management System** (Python, SQL): app for handling multiple-choice questions, including database management and prompt-engineering features with LLMs.
  - **Portfolio Website** (Astro): responsive web portfolio showcasing projects and skills.
  - **React Project (in progress)**: frontend application using React + TailwindCSS, demonstrating component reusability and responsive UI.
- Provided tutoring in programming (Python, Java, SQL) from beginner to advanced levels, helping 20+ students improve their skills.

Education

Bachelor's Degree in Computer Engineering

Universitat Jaume I, Spain (2018-2024)

Erasmus Program (2023 - 2024)

Skills

Frontend: React, TailwindCSS, HTML, CSS, JavaScript, Astro

Mobile: Swift, SwiftUI, UIKit

Backend & DB: Python, Java, SQL, MySQL, PostgreSQL

Other: Git, Jira, Figma, Agile (Scrum)
